

To Our Potential Sponsors,

The "Nevada Beer Weeks!" project is the best opportunity for you to support the entire Nevada craft beer industry this year.

Partnering through sponsorship in the 2015 celebration will help promote potentially more than 100 companies in Nevada that employ thousands of local workers. These are the people who produce, promote, and deliver great beer everyday to hundreds of thousands of tourists a year, and all our beer loving residents!

Your investment will directly benefit the state's economy, and also provide your company with marketing recognition and exposure statewide at events where everyone's having a great time!

As Official Sponsors, your logos and information will be featured at the events, on the print items, other media, and on the Nevada Beer Weeks website. Sponsors who want to host events also receive an unlimited number of event listings on the website calendar as a major value perk.

Without exaggeration, it would be a tremendous benefit for the 5th Annual Nevada Beer Weeks to have as much of the industry's support possible to make this year's celebration the best yet.

Please contact the office for more information and to discuss how we can best accommodate you for your support in making this year's "Nevada Beer Weeks!" celebration a fantastic success for everyone involved...

Cheers!
